### **Course Overview**

NCDA is pleased to announce the delivery of a three-day basic certification course on the HOME Investment Partnerships (HOME) Program. The course will provide a basic, but comprehensive overview of the HOME program. This course will include information on:

- The fundamentals of the program (history, reading the regulations, and a general overview of the course materials);
- Eligible and prohibited activities;
- Eligible costs (eligible project costs, CHDO costs, eligible planning and administrative costs, tenant-based rental assistance, and pre-award costs);
- CHDOs (overview of the role of CHDOs, certifying CHDOs, special CHDO costs, other special requirements);
- General program requirements (program-wide income targeting, distribution of assistance)
- Project requirements (general project requirements, rental housing, homeownership, rehabilitation of owner-occupied housing, tenant-based rental assistance).
- Match requirements
- Program administration (consolidated plan, financial management, working with subrecipients, CHDOs, contractors, owners, developers, and sponsors, monitoring, record keeping, reporting performance);
- Complying with other federal requirements
- Achieving quality administration

The course will be reinforced through in-class exercises. Course participants will also receive a comprehensive training manual that includes the HOME program regulations and important HOME notices. And, for those wishing to receive a "Certificate of Completion," there will be a course exam (which must be taken on site) on the final afternoon of the course. The exam is not mandatory, however, it is an excellent barometer of one's understanding of the program as a whole. The class day will run all three days from 9am to 4:30pm.
